Dentsply Sirona introduced the Class II Total Practice Solution™ in 2014.

In the years since, thousands of clinicians have been performing tens of thousands of Class II procedures efficiently, predictably and consistently. They have mastered this time consuming and technique sensitive procedure knowing their critical work will endure.

But don't take our word for it, read their words instead.

START CONFIDENT. FINISH PROUD.

"I AM VERY PARTICULAR ABOUT THE RESTORATIONS I PRODUCE, AND I AM GETTING BEAUTIFUL RESULTS BECAUSE OF THE SOLUTION."

DR. GREG STRAIT, NJ

I am really impressed with the solution. It has given me the greatest benefit: predictability.

DR. LYNN ANDREACOLA, NJ

The Class II Total Practice Solution is so consistent. You know it's going to work.

DR. LUCAS RUDELICH, UT

"THIS SYSTEM HAS GIVEN ME A NEW SENSE OF PRIDE IN MY COMPOSITE RESTORATIONS, WHICH I KNOW MY PATIENTS APPRECIATE AS WELL."

DR. ERIN ELLIOTT, ID

Because of predictable results, the practice doesn't waste time, we don't have to bring the patient back and forth, don't have to lose chair time and don't have angry patients.

DR. SEYAR BAQI, DE

"WHAT DO I APPRECIATE MOST? I CALL IT THE BRAG FACTOR WHEN YOU SEE THE PATIENT SIX MONTHS LATER AND...NO STAINING ON IT, NO DISCOLORATION. SO DEFINITELY THE LONGEVITY."

DR. KEVIN BALDWIN, NV

Patients gain great confidence in their dentist when they can go home and eat and drink normally with very little to no sensitivity.

DR. LAUREN BRANNON, NC

"I WOULD SAY IT'S THE BEST MATERIAL I'VE EVER USED. IT'S THE EASIEST, MOST DEPENDABLE MATERIAL I'VE EVER USED."

DR. CHERYL GOLDASICH, CA

The Total Practice Solution keeps my patients happy while still benefitting my practice.

DR. ERIN ELLIOTT, ID

The Class II Total Practice Solution has provided an immediate and remarkable improvement in my restoration design and outcome.

DR. GREG STRAIT, NJ
